

# Standard Screen

CHARTER MEDICAL

INNOVATIVE HEALTHCARE FOR YOU

## Standard Screen

The Standard Screen is designed for people in their twenties or for anybody looking for a quick and easy health screen. This screen is ideal for busy young people, who already enjoy good health, as a measure of hidden health indicators.

It involves a Consultation with our Senior Health Screening Doctor for a physical examination and blood tests and it lasts for about 40 minutes. Fasting for twelve hours before your appointment time is required, you can have water only. If you are on medication, please take it in the usual way.

Upon completion of the screen, our doctor will draw up a full debrief which will be posted to you within five working days. It will include your tests results, explanations, recommendations and any follow up the doctor will have for you.

## STANDARD SCREEN
